Sealy_Furnitex

Furnitex is Australia's largest furniture and furnishing Trade Fair and Sealy are one of the Largest Premium Australian Manufacturers exhibiting at the show.

Sealy chose this event to launch the Crown Jewel, its new premium range of bedding for the top end of the market. 3D comm worked closely with Sealy and their design team to ensure the products were showcased in a high quality environment. Natural timber floors and rich timber panelled walls were set against laser cut mirror acrylic lettering and custom fabric screens with mood lighting to create a high quality designer interiors mood.
